EXAMINER'S COMMENT

This Office Action is responsive to the applicant's amendment filed on September 30, 2005.

Claim 9 has been amended. Claims 1-8 have been canceled. Thus, claims 9-12 are pending in this application.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John G. Posa (Reg. No. 37,424) on October 12, 2005. During telephone conversation with Mr. Posa, an agreement was reached to amend claim 9 and the Specification. The application has been amended as follows:

Drawings

The drawings were received on September 30, 2005. These drawings are approved.

Specification

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

- Page 6, line 22, "In the illustrated embodiment...in the third" has been deleted.

The amendment to the specification has been entered to correct a typographical error.

Claims

Claim 9, line 16, "wherein a sufficient degree of restraint" has been changed to --wherein a restraint --.

The amendment to the claim has been entered to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: as pointed out by applicant on page 3 in applicant's amendment (see remarks filed on April 25, 2005), the cited references fail to disclose or render obvious the claimed combination including a spring biasing the bell crank and drive pin support forward on another; indexing mechanism between the second side of the bell crank and the third side of the pin support and wherein a restrain imposed upon the fan oscillation terminate the oscillating as the first axis of the shaft aligned with the third axis of the oscillating drive pin.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
